Letter of Recommendation for Outstanding Achievement by Mr. Cat MacLeod

To whom it may concern:

I had the distinct honor to have Cat MacLeod as my layout designer for *Legendary Times*, an international research Quarterly, from 2002 until 2004. Compared to all the other layout designers I had thus far, I could not have asked for a better, more competent, individual than him.

I've always had a vision of what I wanted *Legendary Times* to look like. Cat MacLeod finally turned my vision into reality.

Cat MacLeod will always be ingrained in my memory for his tireless efforts and focused dedication to achieve the best product and market it as such.

He was always easily accessible, offering the most comprehensive advice, eager to help everyone with their problems at all times, even if they were only small. His subtle way of getting his ideas across was always very logical.

Furthermore, I have never seen anyone handle so many tasks at the same time and actually complete them in such a timely, sophisticated and efficient manner.

Without hesitation I venture to say that Cat MacLeod is a distinguished personality indeed and would be an invaluable asset to any company hiring him.

Cat MacLeod's competence and highly detailed knowledge in his field is unparalleled which makes him the right candidate for any company even remotely serious about their future marketing successes.

If you have any questions, please do not hesitate to contact me at any time.

I remain, sincerely yours
